the news and happenings of interest to
the people of Tombstone and Cochise
county. Yearly subscriptions \$2.50.

VOLUME XXVII

TOMBSTONE, COCHISE COUNTY, ARIZONA, SUNDAY, OCTOBER 28, 1917

NUMBER 47

NOW ANOTHER GUBERNATORIAL CANDIDATE OUT

PHOENIX, Oct. 27.—A new Democratic candidate for Governor has just made announcement of his ambition. He is Charles M. Shannon, for nearly forty years a resident of Arizona, formerly one of the owners of the Shannon mines in Greenlee county and for a term Collector of Internal Revenue of the Arizona-New Mexico district. He is one of the old-school Democrats, for years a member of what has been known as the Mark Smith wing. Lately, after a few years spent in Los Angeles, he has been farming on a large scale near Florence. Rather notably active in seeking the nomination for Governor also is Sidney P. Osborn, now secretary of state. Mr. Osborn, a native son and son of one of the oldest pioneers, is said to have had some sort of quasi agreement with W. A. Moore under which Osborn was to have precedence in the next gubernatorial campaign, though it is not known just how effective the understanding may be. Fred Coulter of Apache county still is in the ring, rather representing the Hunt wing, which casts a very large percentage of the Democratic vote.

COMMISSION HEARS STRIKERS SIDE OF CLIFTON TROUBLE

CLIFTON, Oct. 26.—The federal commission investigating labor conditions in Arizona concluded today their hearing of statements from representatives of organized labor regarding the local labor situation, where a strike has tied up mining operations in the Clifton-Morenci district since last July. Tomorrow the mine managers will be heard, and after them the representative citizens. The date of departure for Bisbee is indefinite.

Guests at Banquet
Tonight the commission members were guests of organized labor at a banquet, after which there was an open air meeting attended by a large crowd. Secretary of Labor W. B. Wilson, John H. Walker of Illinois, Colonel Spangler of Philadelphia, State Senator George Chase and President Pascual Vasquez of the Morenci Miners' union were speakers.

Mr. Walker attended a Liberty loan meeting at a theater tonight.

TRIBUTES TO DE JEU

We print today a few tributes to De Jeu, the magician, who appears at the High School on Monday night. "Many of his attractions are of the most pretentious size and caliber. They combine the lavishness of Occidental luxury with the weird mysteriousness of the East, and it will be found to be the last word in illusion and magic." "He presents a new black art, so clever and mysterious that we cannot give it enough praise." "He has the rare ability of combining mirth and magic." "Mr. De Jeu is a remarkable conjurer and crayon artist." "Music and magic form a fine combination and De Jeu is keenly aware of the fact."

INCREASE IN MURDER SINCE ABOLITION OF CAPITAL PUNISHMENT

That murder has increased in Arizona since the abolition of capital punishment is shown by a table compiled by the Arizona Gazette of Phoenix. After a nine months' trial the Gazette wrote to the clerks of the various counties of the state in an effort to ascertain the true conditions. The results published below. The first column of figures represents the number of murder cases reported in the various counties for the last nine months of 1916, April 1 to December 31, inclusive, under capital punishment. The second column represents the number of cases reported during the first nine months of 1917, January 1 to September 30, inclusive, after the anti-capital punishment law became effective.

BUYER CANNOT GET 400-LB. STEERS IN ARIZONA, HE SAYS

TUCSON, Oct. 27.—E. K. Casady, who came here a few days ago from Los Angeles for the purpose of buying up several thousand head of cattle to be sold to the allies, left Tucson this morning for the coast. "My mission here has not been as successful as I had hoped," he said. "Apparently there is a scarcity in this section of animals that will dress 400 pounds or better and this is the class which I had hoped to buy up in quantity. However, I have hopes of filling a part of my order of 40,000 head from this district and will return in a couple of weeks to close the deals."

INSURANCE MAN HERE

A. F. Parker, genial life insurance agent, and member of the Price & Price Company of Phoenix, state agents of the Inter-Mountain Life Insurance Company, drove into Tombstone today from Benson, where he is just winding up a county campaign. Mr. Parker states that besides writing nearly \$100,000 of life insurance he has secured several thousand dollars in subscriptions to Liberty Loan Bonds as a member of the Arizona Underwriter's Association.

TO ST. DAVID

A part of the local Liberty Loan committee composed of Captain A. C. Lockwood, A. C. Karger and E. A. Hughes, went to St. David today, where they made a final drive in the sale of bonds there and a glance at the honor roll today will show that Tombstone and surrounding towns have responded nobly. Many Gleeson subscriptions having been secured, among them many Mexicans, which goes to prove that those in this country are loyal citizens.

SECOND LIBERTY LOAN ROLL OF HONOR

The man who is physically able and fails to respond to his country's call is a slacker. No less so, is the man who is financially able and refuses to buy a Liberty Bond. The following named are NOT slackers. ARE YOU ONE?

ARIZONA HAS 1500 EMBRYO SOLDIERS TRAINING

Arizona has from 1,000 to 1,500 embryo soldiers in training in the high and normal schools throughout the state. This statement comes from the adjutant's office who has compiled figures on the progress of military training in the state's secondary schools. All boys of all years in the high and normal schools are required to take a four-year course in military training, in accordance with an act passed by the last state legislature. Reports from all over the state indicate a tremendous interest being manifested by the students in the training. The report issued by the adjutant general sums up the number of students taking the training in the various schools as follows:

Phoenix High 366
Tucson High 117
Douglas High 88
Bisbee High 82
Globe High 73
Flagstaff Northern Normal 59
Yuma High 57
Tempe High 56
Prescott High 51
Winslow High 49
Reported to date 998
Not reported—Tempe Normal, Mesa High, Glendale High.

CONGREGATIONAL CHURCH

On account of the funeral tomorrow afternoon, and because of the special Reformation anniversary service in the morning, there will be no preaching service in the Congregational church at 7:30 p. m.

The C. E. Society, however, will meet at 7 p. m. The subject is "Ministering to Christ, Among Prisoners, Strangers and the Sick." Matt. 52:31-46. This is an important subject. Come and help us discuss it.
C. W. STARK, Minister.

REGULATIONS FOR SECOND DRAFT ISSUED

WASHINGTON, Oct. 26.—New regulations for applying the army draft were virtually completed tonight at the office of the provost marshal general and probably will be submitted to President Wilson tomorrow for final approval. The president already has approved the general plan, under which all registered men not yet called will be classified, in five groups, in accordance with their availability for military service.

Provost Marshal General Crowder tonight cleared up the situation as to how the draft number, now being held by the nearly nine million un-called registrants will be applied to the new classifications. In each local district the key made up from the draft numbers in the order of their drawing will be applied to each class or group. In other words, the men of class 1, in which will be placed those of the least value at home and with the slightest obligations to dependents, will be called in the order of their serial numbers until that class is exhausted, just as though all other classes had been exempted. When class 1 is exhausted, the same process will be applied to class 2, and so on down to class 5, if it ever should become necessary to carry it that far.

Thus a man whose serial number in the great army lottery had led him to believe that he would be among the last summoned, may be assigned to the first class and ordered into service with the first quota.

ARIZONA BOYS SUBSCRIBE \$66 PER CAPITA AT FUNSTON

CAMP FUNSTON, Kas., Oct. 26.—Obviously the boys at Camp Funston are eager to subscribe for the Liberty bonds, the official figures show that the Arizonans in the 340 Fied Artillery, number 1616 men. They subscribed \$107,150 to date, of \$66.30 per capita, and the campaign is not finished as yet. It's getting pretty "crimpy" here and a lot of these "boys" would like to have some of that Arizona heat. Last night's temperature was 26 degrees Fahrenheit. These \$28 overcoats, issued lately by our Uncle Sam, are greatly appreciated. As yet most of us haven't received our full allowance of clothing. I just counted the pockets in all my "duds" and the total is 32. Bad weather has set in here, and before long the bottom will drop out of the thermometer.

PEARCE VISITORS

Among the visitors in Tombstone today are Supt. F. L. Bryant of the Commonwealth Mining Company and Judge Wm. Monmonier, both having come here on court business. Mr. Bryant stated that the force of men is still at work drilling on the 200 foot level in the hopes of striking the vein recently discovered on the property and expect to encounter it within the next two weeks. It is the belief that the vein exists at that depth and when it is reached it will mean considerable activity added to Pearce.
